DETAILED ACTION

Election/Restrictions

Applicant's election of Group VI (claims 17n and 20) in the reply filed on July 5, 2007 is acknowledged. Because applicant did not distinctly and specifically point out the supposed errors in the restriction requirement, the election has been treated as an election without traverse (MPEP § 818.03(a)).

Claims 1-16, 18 and 19 withdrawn from further consideration pursuant to 37 CFR 1.142(b) as being drawn to a nonelected invention.

Claim Rejections - 35 USC § 112

The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

Claim 17 is rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

Claim 17 recites in the preamble a diagnosis method of dilated cardiomyopathy, but the body of the claim only recites measuring an amount of anti-cardiac troponin I autoantibody but does not recite how the diagnosis is made (e.g., comparing the measured amount to that of a control population in order to make the diagnosis.....etc.)

Art Unit: 1641

Allowable Subject Matter

Claim 17 would be allowable if rewritten or amended to overcome the rejection(s) under 35 U.S.C. 112, 2nd paragraph, set forth in this Office action.

Claim 20 is allowed.

The following is a statement of reasons for the indication of allowable subject matter: the prior art does not teach or suggest diagnosing dilated cardiomyopathy by measuring anti-cardiac troponin I autoantibody, nor treating dilated cardiomyopathy by removing anti-cardiac troponin I autoantibody.
